## **TRAN FAMILY RECEIVES KEYS TO THEIR HABITAT FOR HUMANITY HOME IN MISSISSAUGA JUST IN TIME FOR THE HOLIDAYS**

**MISSISSAUGA ON** Habitat for Humanity Halton-Mississauga-Dufferin (Habitat HMD) is thrilled to celebrate a heartwarming milestone as the Tran Family takes title to their home in Mississauga. This special occasion marks a significant step toward strength, stability, and independence for the family, just in time for the holiday season.

The home, made possible through Habitat for Humanity's long-standing partnership with The Daniels Corporation, exemplifies what can be achieved when the community comes together.

"Today is a celebration of not only the Tran Family but of what affordable homeownership means for so many families," said Eden Grodzinski, CEO of Habitat HMD. "A safe, stable home is the foundation for brighter futures, and partnerships with community-minded developers like the one we have with The Daniels Corporation make these dreams a reality. We are grateful to everyone who contributed their time, resources, and passion to this project. Together, we are changing lives, one family at a time."

New homeowner Mr. Duc Tran said, "We just want to thank everyone so much for everything. Habitat's homeownership - we never thought that would be able to afford a home for our family."

Representatives from The Daniels Corporation were on hand to welcome and celebrate with the Tran family and guests.

"We are delighted to congratulate the Tran family on their journey to homeownership at Wesley Tower. Our collaboration with Habitat for Humanity Halton-Mississauga-Dufferin to provide affordable homeownership opportunities underscores our dedication to building inclusive, vibrant communities where families can thrive in homes crafted with exceptional quality. For over two decades, our enduring partnership with Habitat for Humanity affiliates has welcomed more than 80 deserving families to Daniels communities across the Greater Toronto Area, helping them establish solid foundations for brighter futures," said Heela Omarkhail, Vice-President of Social Impact, The Daniels Corporation.

The Tran Family's home symbolizes so much more than a roof over their heads—it is a foundation for cherished memories, a space where dreams will flourish, and a cornerstone for a brighter future.

As we celebrate their welcome home, Habitat for Humanity HMD reaffirms its unwavering commitment to tackling the pressing need for affordable housing in our communities. We continue to build hope, stability, and opportunity—one home at a time.

### **About Habitat for Humanity Halton Mississauga Dufferin**

Habitat for Humanity Halton Mississauga Dufferin (Habitat HMD) is part of the renowned global Habitat for Humanity network, recognized for its commitment to mobilizing community resources to provide safe and decent homes to families in need. In serving Halton, Mississauga, and Dufferin communities, Habitat HMD has delivered 83 affordable housing units (68 family units plus 15 tiny homes) to families in the Region living in Indigenous communities since 1999. Habitat HMD's unique housing model offers a "pathway to home ownership," filling a critical gap in the housing continuum. The organization is dedicated to combating the housing crisis in Canada and aims to transform more lives by delivering a minimum of 130 new housing units to partner families between 2022 and 2032.

### **About The Daniels Corporation**

[The Daniels Corporation](#) is one of Canada's pre-eminent builders/developers, building nearly 40,000 new homes across the Greater Toronto Area for over 40 years. Daniels is the developer of TIFF Lightbox in Toronto's Entertainment District and the City of the Arts community on Toronto's East Bayfront. Among its many initiatives, Daniels partnered with Toronto Community Housing to revitalize 53 of the 69-acre Regent Park community in Toronto. Regent Park is home to the World Urban Pavilion, a collaboration between the Urban Economy Forum, UN Habitat, Canada Mortgage and Housing Corporation and Daniels. Understanding that quality of life is created by much more than physical buildings, Daniels goes above and beyond to integrate building excellence with opportunities for social, cultural, and economic well-being.
