**TORONTO - Wednesday, June 4, 2025**

The Daniels Corporation ([Daniels](#)) is proud to announce that it has once again been named **Home Builder of the Year** (Mid/High-Rise) at the 2025 Building Industry and Land Development (BILD) Awards.

Presented annually, the BILD Awards celebrate excellence in new home construction, design, sales, and marketing across the Greater Toronto Area. This honour reinforces Daniels' continued leadership as a purpose-driven city builder — committed to quality, innovation, and integrity in everything we do.

The Home Builder of the Year categories honour companies that set the benchmark for the rest of the industry - demonstrating exceptional professionalism and a deep commitment to excellence. A key component of the judging process includes a customer satisfaction survey, which ensures the homeowner's experience is central to the decision-making process.

“It’s a powerful testament to the dedication of our incredible team, from the construction site to the office and everyone in between, the team shows up every day with heart, purpose, and an unwavering belief to do what’s right, says Jake Cohen, Chief Operating Officer at Daniels. We’re honoured to be recognized for the way we build, the care we bring to the customer experience, and the positive impact we strive to create in every community.”

In addition to this prestigious recognition, Daniels and its partner [BGO](#) were awarded **Best Model Suite** for *The Solidarity Suite* at **The Kith** condominiums in Erin Mills, Mississauga. This award is a meaningful acknowledgement of the creativity, attention to detail, and design excellence that define Daniels communities.

This marks Daniels’ third time receiving the **Home Builder of the Year (Mid/High-Rise)** award, following wins in 2023 and 1997 - a proud milestone in the company’s 40-year journey.

From its Accessibility Designed Program and Decarbonization Roadmap to long-standing partnerships in social and community impact and a people-first approach to development, Daniels continues to push boundaries and build inclusive and sustainable communities to create a better future for all.
